Overall:

Number of artists: 2
Number of technicians: 1 + 1 Driver.
Number of technicians needed of venue: 1
Transport: Small truck B license with tailgate.

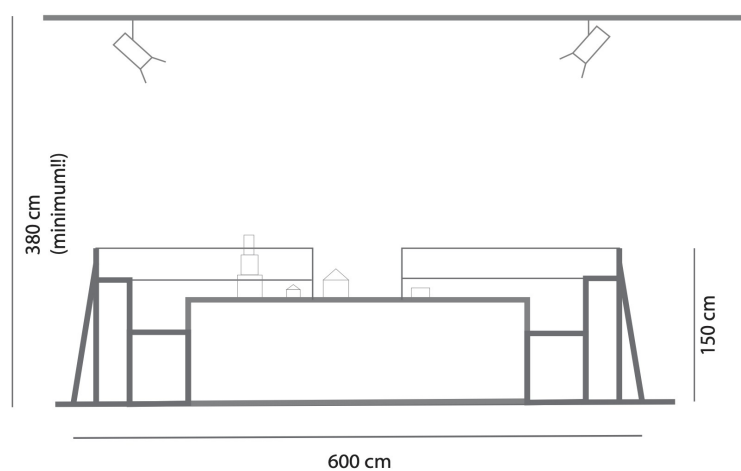

Get in: Get in time by consultation over email.
Get in artists: Same time as crew.
Estimated time build up: +/- 5 hours.
Estimated time break down: +/- 2 hours.
Duration performance: 45 minutes.
Preparation time before performance: 1 hour.
Clean up after performance: 30 minutes.
Break: No.
Needed dressing rooms: 1.
Max capacity audience: 28 people.
Special's: We use a small smoke machine.
Minimum requirements of space: 7 * 7 meters and 4 meters high.
We need a grid or fly bar system for lights.
We need a possibility to black the performance space.

'A shrub lives around the corner' is a special performance where the audience sits in the middle of the stage on our own wooden stand, the audience sits around the model that comes slowly to life. All the technique will be operated by our performers from underneath the stand, because of that we will need a DMX connection and a sound connection where our computer will be.
